15:30	---- Posters, Yorkshire Tea ----
16:00	<b>Glen Jeffery</b> (Institute of Ophthalmology, London) <i>'Modulating mitochondria with light to improve aged visual function'</i>
	----- Beer reception -----

### The York Medical Society

## THE VENUE

Following the success of previous years' meetings, the organizing committee decided to hold the meeting here at the York Society for Medicine. We think the rooms are absolutely terrific for our purposes. At the same time however, we need to be aware that there are some precious items of furniture and decoration, which are effectively irreplaceable. We would be very grateful if you could please be careful as you move around the rooms. The layout of the rooms is provided overleaf.

## LUNCH

The lunch provided is very much a 'pack-up' as they say here in York. That means you can grab a filled roll, some fruit, a drink and a Kit Kat, and pop them into a brown paper bag. Weather permitting, we encourage you to take your lunch out of the Society Rooms and find a nice spot in York, perhaps near the Minster. This will also give you the opportunity to rid yourself and more importantly us of any lunch litter while you are out and about!

## TEA / COFFEE

Tea and Coffee will be provided in the morning and afternoon in paper cups.

## POSTERS

Posters can be displayed in the library area. Please take these down promptly at the end of the talk sessions.

## BEER RECEPTION

This year we will be hosting a beer reception with snacks in the Medical Society garden (weather permitting!).

## MAP OF LOCAL AREA
